

My story about

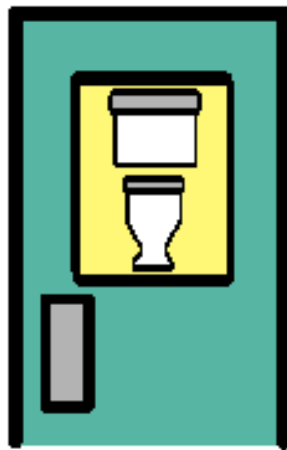

Going to the toilet

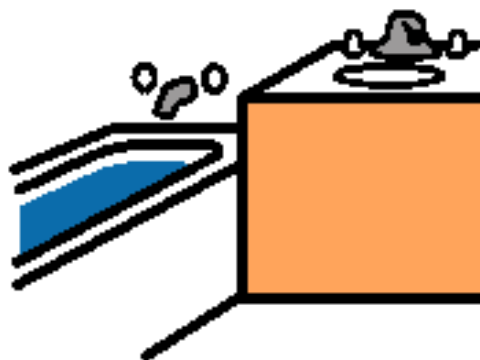

This is the toilet

Sometimes the toilet is in its own room

Sometimes the toilet is in the
bathroom

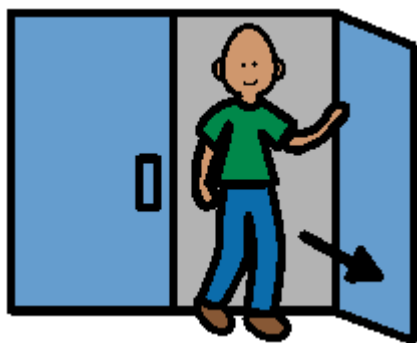

I use the toilet when I need a wee

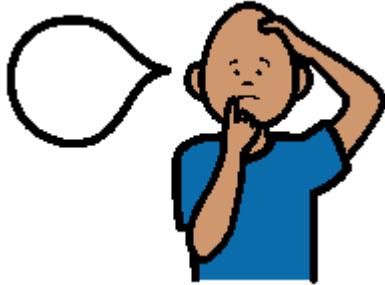

I use the toilet when I need a poo

I try to use the toilet before going out
or going to sleep

Sometimes I forget to ask to go to the toilet

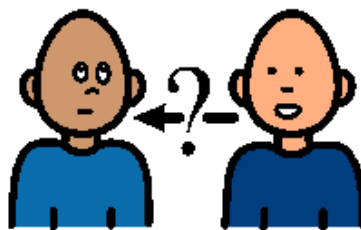

Sometimes I do not want to go to the toilet

If I forget to go to the toilet, I might wet my clothes. This can make me feel uncomfortable

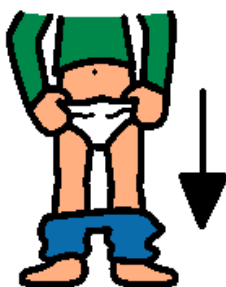

If I feel like I need to go to the toilet
I can ask my grown up

Or I can show them
my toilet symbol

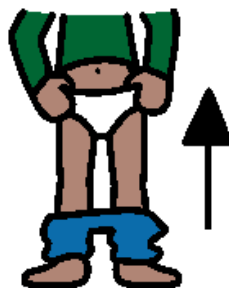

When I go to the toilet I need to
pull my pants/knickers down

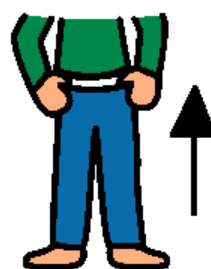

I can then try and do a wee or poo. I can use toilet paper to wipe myself clean

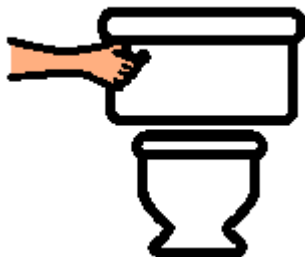

When I have finished I need to pull my pants/knickers up

and put my clothes back on
a grown up can help me

I can flush the toilet or the grown up
can help me

Next I need to wash my hands and dry
them

I have finished.....

When I have had a wee or poo, I will
feel much more comfortable and happy

My grown up will feel very happy too
